DIRECTED STUDY INFORMATION AND REGISTRATION

Directed studies are course credits obtained by working directly with a professor in a group of 1 to 4 students. These arrangements are permitted only for students who can not schedule a necessary course prior to planned graduation. Otherwise students are expected to enroll and attend classes as scheduled.

It is the responsibility of the student to obtain the professor's and the seminary's approval for the directed study. Each student must complete a registration form and submit the registration to the registrar of the seminary. Directed study tuition is \$100 per credit hour and payment is due at registration. Students have four months to complete a directed study with a professor. Any exceptions must be submitted in writing to the registrar for approval.
